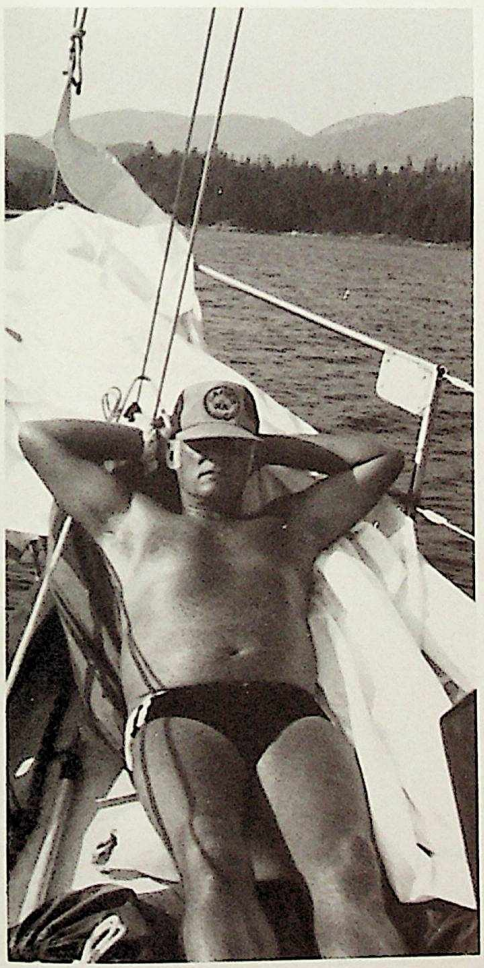
Dedication



"The Finest High School in North America!"

These are the famous words of Arnold Holmes, Eastglen's Principal for the past eleven years. In 1972, after he was the assistant principal at Jasper Place and Victoria Composite High Schools, Mr. Holmes came to Eastglen. Since then, the years have been full of memorable experiences highlighted by the Physical Education 30 and Outdoor Education camping trips. One aspect which "Arnie" - as he is often lovingly referred to as - is especially proud of is the fact that Eastglen is the first school which offered its students affordable trips to the Caribbean.

At the end of this 1983 school year, our well-respected leader - who has been described as having "energy unlimited" - retired to a life which includes hunting, golfing, sailing, flying (he is a qualified commercial pilot and instructor), and spending more time with his family.

Although Mr. Holmes will be missed by staff and students alike, we hope that his future will be as rewarding and fulfilling as his past.

Mr. Lelacheur, as a symbol of his true Christmas spirit, volunteered to have his prized moustache shaven on ONE condition -- that the students donate a sum of $100 to the Christmas Bureau. But we did better than that by coming up with more than $200.

Thank you Mr. Lelacheur for your supreme sacrifice!

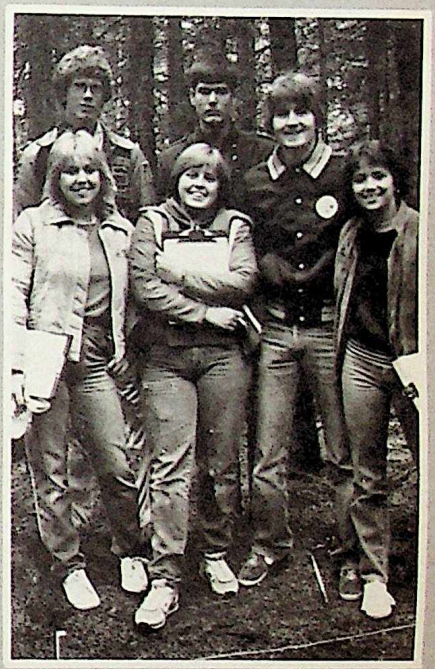
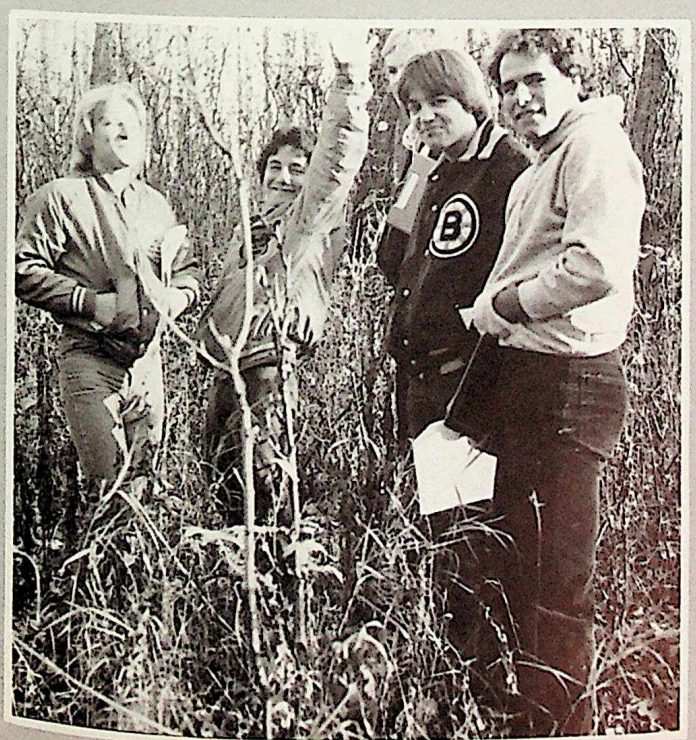
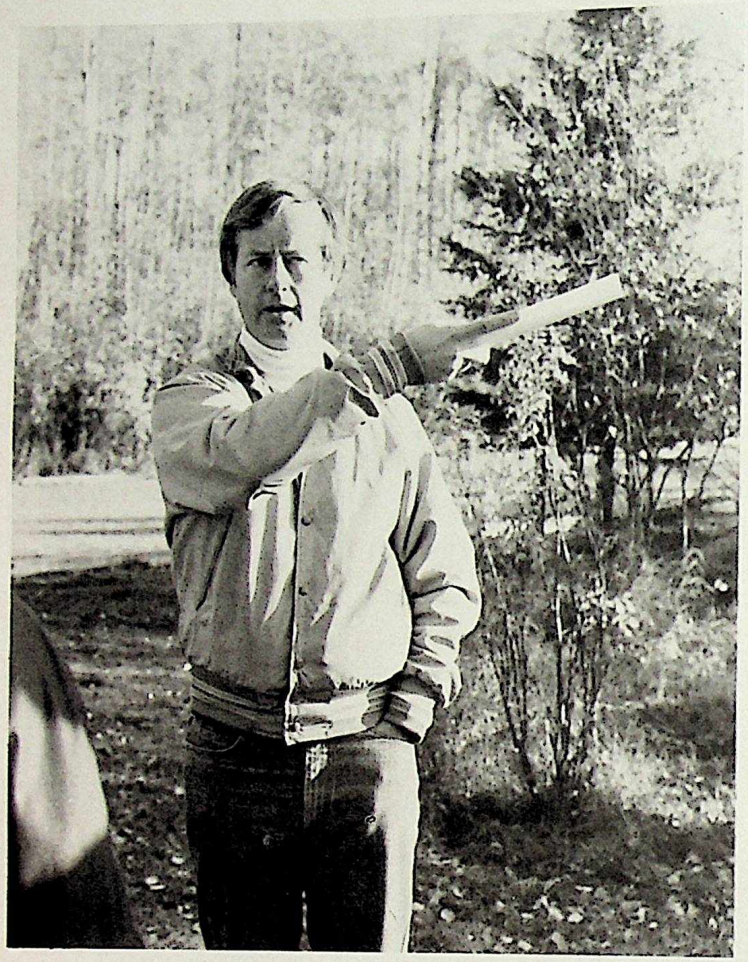
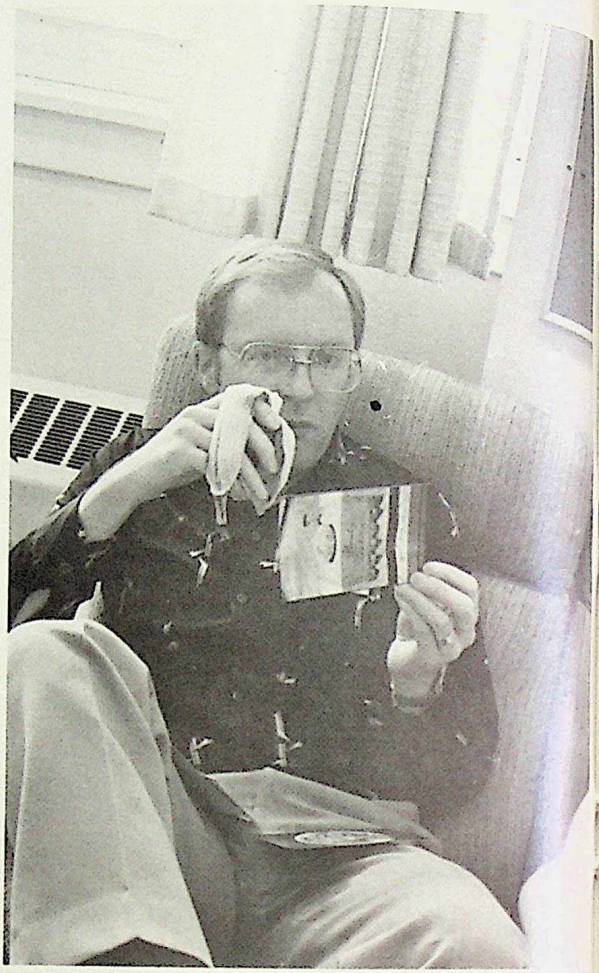
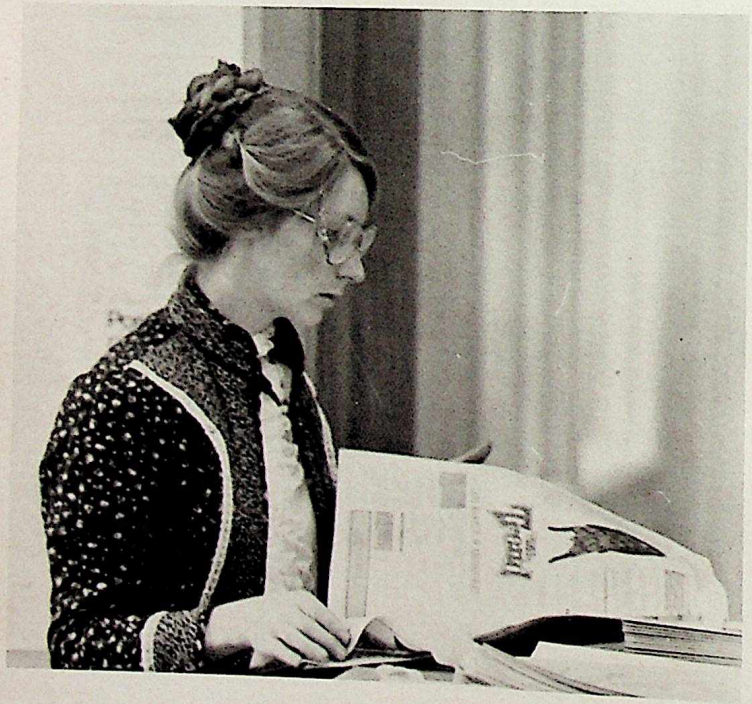
BIOLOGY 20'S INVADE ELK ISLAND "LOOK OUT! HERE COME THE ANIMALS!"



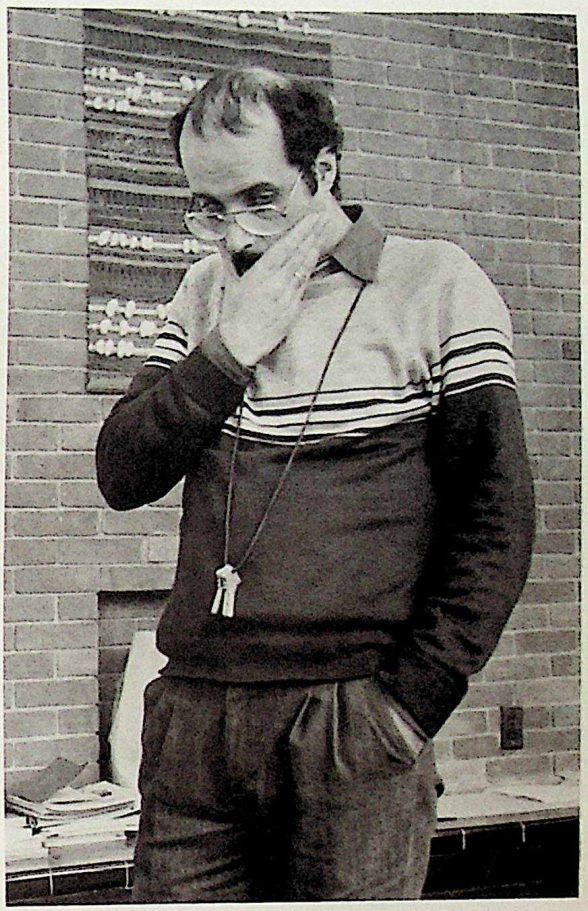




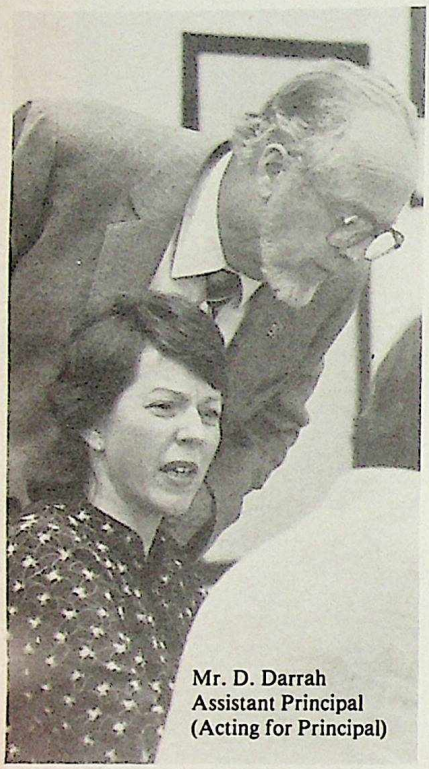




STAFF



Administration



Mr. D. Darrah
Assistant Principal
(Acting for Principal)

High in the Rocky Mountains west of Edmonton lives an old man. From his abode he looks down in pity upon others of higher mental aspiration.

One day he rescued a small group of students from Edmonton who were practicing mountaineering skills. They had become lost and asked the old gentleman "Where are we and how did we get here?"

The old hermit replied, "If that question hasn't got any answer attached to it, then I haven't any that fits. If you are going anywhere in particular up here, you'd better figure first how to get there. By just going, before you know where you're going - you can get to a powerful lot of places you might not want to be. If you don't know beforehand where you want to go, you can't blame the mountains for losing you, before you get there!"

All the very best to the very best to all Eastglen students. The last eleven years at Eastglen have been my very best years.

NUMBER 1

High school is a special time in our lives, which will be treasured forever. Students' Union this year has tried to give Eastglen students many wonderful and exciting moments to remember. In our attempt to reach our goal, we encountered many difficulties yet we strived to overcome them. In the process we acquired much knowledge.

To all those on Students' Union who worked hard to make 1982-83 the best year ever, I thank you!!! Without you, nothing may have been accomplished. On behalf of Students' Union, I would also like to send our gratitude to Mrs. "C".

To the next Students' Union, I wish you lots of LUCK! Hopefully you will learn from your mistakes as we did!

Our "beloved" Yearbook and Photo Club advisor.

I cannot lie; I have to admit that I was very relieved to meet those nerve-racking deadlines. I don't know if everything in this yearbook is suited to your taste, but I assure you that we gave it our best.

My yearbook staff deserves a lot of credit; not only did they run around the school trying to get their jobs done on time, they were able to put up with a deranged little yearbook editor who sometimes forgot that she was dealing with people and not slaves (just ask any of those crazies in the picture above).

Before I forget (just kidding, Sir) I'd like to thank Mr. "G" for his words of wisdom and "wonderful" advice. He was the kick in the butt that I needed at times. My photographers, Helen, Ken, Brian, and Peter, also deserve a million thanks (and then some).

There's just one last thought I'd like to share with all of you: my hope is that you feel that all the headaches and long hours spent on this yearbook were worth it. We think so.

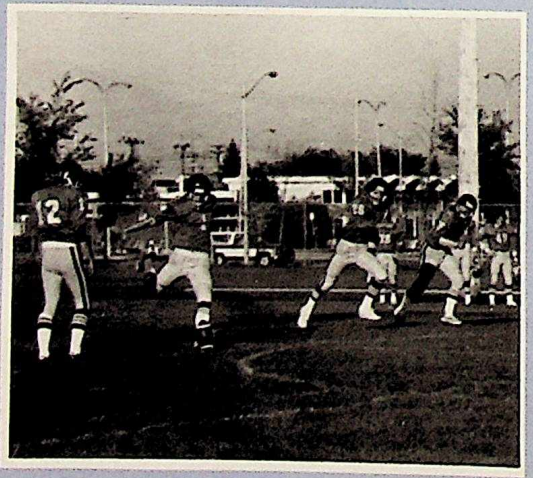
SENIOR OFFENSE. BACK ROW: James Coull, Darren Demchuk, Gary Romanchuk, Rob Presisniuk, Len Morris, Travis Heighington, Mr. D. FRONT ROW: Doug Mosiuk, Tom Heaton, Ray Jakabow, Richard Palamaruk, Darren Mandrusiak, Blair Cameron, James Osborn, Kim Marko, Trevor Muyser, Perry Maxfield.

The Senior Football team had a tremendous start to their season going undefeated in the first five games. O'Leary spoiled the Devils' streak winning 13-7. Our team entered the playoffs in second place in the North Division. They met Harry Ainley in the semi-finals, but their opponent proved to be too strong coming out on top 36-7.



SENIOR FOOTBALL

SENIOR DEFENSE. BACK ROW: Darwin Holt (Coach), Darin Martel, Holden Engley, Doug Murphy, Kevin Flower, Bruce Manson, Hugh McCallum, Rod Rosich, Tim Schoonderbeck, Joe Krys, Tim Konkolus, Mr. K. Kulka. FRONT ROW: Rob Melnechuk, Beno Keil, Paul Tustin, Ed Melnychuk, Bill Varvis, Rudy Smolcic, Barry Mathiassen, Joe Budney, Tyler Swirid.

JUNIOR FOOTBALL

Through regular season play the Eastglen Juniors posted the only undefeated record in the city. The team was led by a strong defence that held three opponents scoreless. Playoffs proved to be heartbreaking as Jasper Place scored with only 17 seconds remaining in the game to edge the Blue Devils by 1 point. With another dedicated effort next year, the Blue Devils should once again maintain their position as one of the best football teams in the city.

Their teams' season came to an abrupt halt in the first round of the playoffs when Eastglen fell short of a victory against St. Joe's by two points.

With primarily a rookie line up, the Junior Boys entered the regular season with a hopeful outlook. After the smoke cleared, the team emerged with an 11-7 win-loss record. Eastglen Dunks Ross Shep 7-6

Coming off an impressive 9-1 season, the Devils sank Jasper Place 14-4 in the semi-final. The championship proved entertaining yet very nerve-wracking. Penalties played an important role as Eastglen managed to score two powerplay goals.

The Devils were able to slow down the faster Ross Shep I squad and, being the more experienced team with five returnees, were able to bring the trophy home. Congratulations!

GERMAN EXCHANGE STUDENTS

Ulla Schallert, from Wolfhagen, a small town which is located near Kassel, was in Edmonton from Sept. 5 to Dec. 1. During this time she stayed with Tessy Ferchau and her family.

While here, Ulla's new experiences included taking the bus to school everyday and tasting peanut butter. At Eastglen she was a member of the Junior Girls' volleyball team and also participated in aerobics and gymnastics.

The exchange group, consisting of 16 German students and 16 Canadian students, travelled to Banff and Jasper in the Canadian Rockies. On April 6, the Canadian students left for Germany. Ulla brought home with her many souvenirs of her visit but she will be most fond of the friendships she made while at Eastglen.

Max Diest, who stayed with Michael Schaefer while in Edmonton, said his most memorable experience at Eastglen was dressing up in togas for the Halloween dance. What he found most different about our school was the friendliness of the teachers and the lockers in the hallways. In Edmonton, he found the smell unbearable, but was fascinated by the L.R.T. Max was involved with the Photo Club, the Rifle Club and attended basketball practices.

Among his likes were the words ''awesome'' and ''dude'', smorgasboards, prime rib, the school system, the vehicles, and the people and their attitudes towards foreigners. Max dislikes his pronunciation of v's and w's and his last English assignment with Mrs. Manson.

Max is taking back with him hundreds of unforgettab smoked salmon, a six pack of root memories and experiences. beer, and rugby pants as well as

COMMENCEMENT

Yesterday

Just yesterday I sat alone
and thought, "How could this be?"
That time could pass before my eyes
and yet I could not see.
I could not see what I had done
or reach deep within my mind,
Of memories that should be there
they were just so hard to find.
But as I now stand up here
and look at all the familiar faces,
I remember being with my friends
at all our favorite places.
We had met together in the school
and shared our few filled years,
Of memories and thoughtful dreams,
what were dreams of our careers.
First we became a junior
so young and on our way.
Then we became a sophomore
and learning more each day.
And now that we all are seniors
and all our years are done,
We seem to forget the hardships
but remember all the fun.
Well; tomorrow will be here soon
and each of us will go our separate ways.
I will never forget my first day here,
it seems like yesterday.

CLASS PRESIDENTS

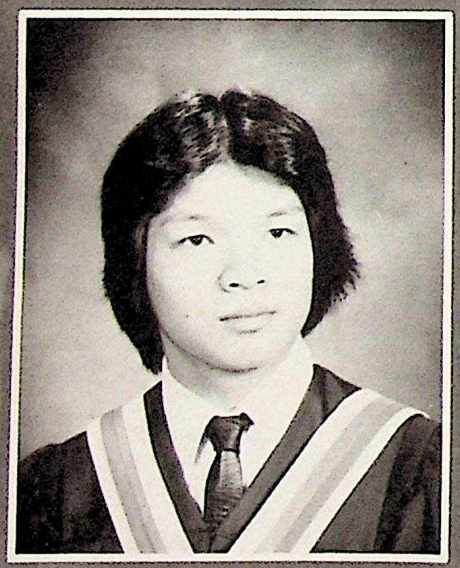
Being a part of Grad Class 1983 has been very special to me. The time and effort it took to raise money and organize this year's graduation has brought two nights, June 9 and June 10, 1983, that will remain cherished memories for all of us.

In the years to come I hope all will remember their twelfth year,
A time of laughter,
A time for tears,
A time we'll treasure
through the years.

Special thanks to Mr. Steele, Mrs. Curran, Billy Poon and the grad class committee as well as many others who have helped us make this celebration so special.

"Though we leave in sorrow
All the joy remains
We can face tomorrow
Knowing we'll never walk alone;
Graduation Day"

Trudy Leskewich

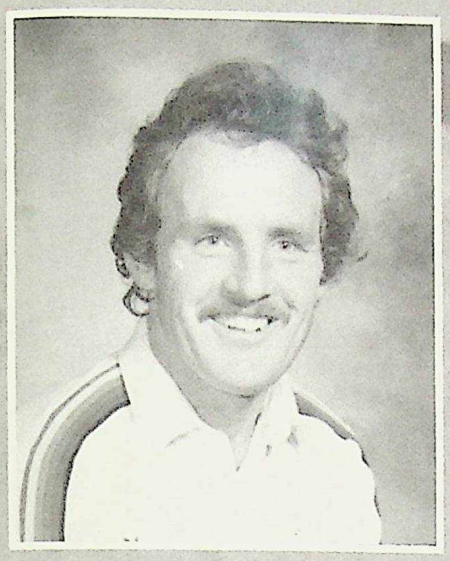


Working on Grad has been an experience that I shall never forget. It has taught me many things, especially the "do it . . . NOW" attitude that I feel is important in whatever one does.

I would like to take this opportunity to thank Mr. Steele and Mrs. Curran, my advisors; Trudy, who has been a dedicated individual; and the rest of the committee for all of their work.

Remember: if there is something that you want - go for it!

Billy Poon



HONOURARY PRESIDENT

Students who have spent their high school years at Eastglen know better than most the great satisfactions and rewards that result from the exchange and clash of ideas. I would suggest that just as all of us have an obligation to think, we have a further obligation of striving to achieve our potential.

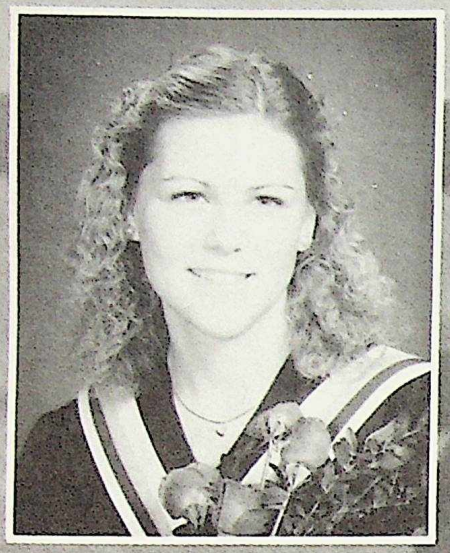
How many of us have said to ourselves and others, "I could have been something if I really had wanted it," or "I could have done it if I had tried harder." Nothing is more common or tragic than unsuccessful people with talent. All progress has resulted from people who were not afraid to go their hardest or give it their best. There is nothing in the world that can take the place of persistence. And people have more fun, do more, give and get more satisfaction. The more they know, the more they worked, and the more they have lived.

I also feel as we pass down the corridors of time that we must seek to assess our own lives and actions. What have we accomplished? Have we given more to humanity than we have taken from it? Will we be satisfied with the acquisition of money, achieving the status that society crowns us with, the mastery of men. I don't think so.

In Jack London's story "Turtles of Tasman," he relates the last days of a master mariner dying ashore and berthed in the home of his rich brother. Visited by innumerable sea-going friends from San Francisco to the Orient, the old captain makes his last days serene and happy in the warm, joyous comradeship of these old companions. So much so that his successful brother is saddened and bothered by the failure of people to give him the same friendship. But friendship is an unselfish art, and those who make friends will be the happiest people.

In the journey of life I think that one simple, commonplace thing will be more important to us than any other. It will not be some superlative moment like the day we won the cup, or won a million; it will be the friends and companions we have had on the journey.

Mr. R. Meek



CLASS HISTORIAN

Honourable Mr. Holmes, Mr. Meek, parents, teachers and graduands. It is an honour to have been chosen to be Class Historian for the Graduating Class of '83.

You know, these last years have passed so quickly it seems like just yesterday we went on the annual Grade Nine tour of Eastglen; a time when the students who were attending Eastglen size us up for what was known as "Frosh Week"; a week that seemed to last at least a month.

In Grade Ten the Junior Football team won the City Championship. Our volleyball teams, both male and female, didn't do as well though. That year was also the start of the first Girls' Soccer team, but we won't talk about how well they did.

In Grade Eleven our football teams didn't win the City Championships; however they did make it to the finals. As for basketball, the team did fairly well. In fact the Senior Boys went to a tournament in Red Deer and it was known that they had fun. They even had fun playing (Right, Travis).

In Grade Twelve the Senior Girls Volleyball team made it to the finals, but had a disappointing loss to place second. The Water Polo Team, however, went all the way to win the City Championship. Football games by this time were probably the main event of the school. It seemed as though there was as much, if not more, activity up in the stands as there was on the field. I think this is because Janice always happened to have a jug of orange juice with her. It must have been the vitamin "c" in it that made everyone so active.

Well, that's enough about sports. Let's think back to those hot sunny days in June. How many people remember getting lost on the way to classes, but were able to find their way outside to suntan? Or how about those people who thought that their afternoon classes were supposed to go on a field trip to the Forum. They thought they'd be early for once, so they got there before lunch.

There are many other things to remember as well. There were the school activities like the Wake-a-thon, Caribbean Cruises, and Phys. Ed. 30 camping trips (remember the axe, Deb?). Last of all there were our dances. They were unforgettable, in fact I don't think Tim will ever forget a certain Halloween Dance spent in the back of a camper.

Now let's get serious for awhile. We only have a short period of time left together. We will then be going our separate ways, whether it's continuing our education or working. But no matter what we do in life, we will always be reminded of our high school years and the people who were a part of the best graduating class ever.

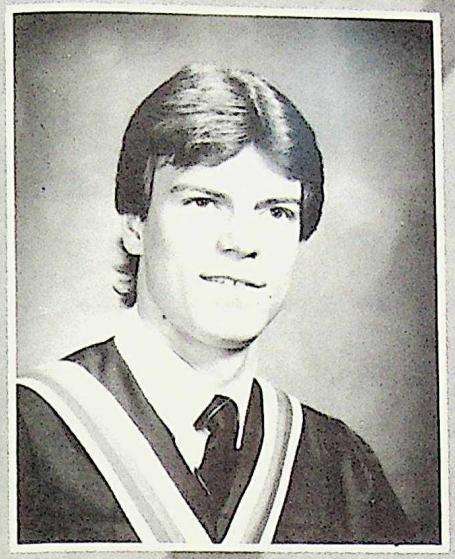
Remember, though, that without the support of our parents none of us could have graduated. They have seen us grow through out our twelve years of school, and tonight Graduation is as much a tribute to them as it is a celebration for us. Thanks to all of you.

I would also, like to thank all the teachers for their help and encouragement. For without it, some of us could never have made it.

Most of our memories, however, will be of our friends. They'll never be forgotten.

Good luck to all the Graduands.
Thank you!!

Lesley Brown



CLASS PROPHET

Well here it is! Grad 1983 has finally arrived. Not long ago we wandered the hallowed halls of Eastglen for the first time believing that high school was the future, now we realize that high school is the beginning to a new and adventurous tomorrow. As Grad Prophet it is my duty to predict these tomorrows for some members of this year's graduating class.

Upon receiving this honor I have begun my search for a future telling instrument. I have been searching for the long lost crystal ball which had been possessed by my great, great, great grandmother from her gypsy days in Spain. After finding the old gem, I began to polish it, and as I did vivid images of the future came forth. As I continued to gaze into the ball the visions became clear and this is what I saw.

The first image that comes into view is Eastglen's answer to John Travolta, Don Zotzman, and he has opened up a string of dance schools entitled "Dance Like Donnie".

The next image that comes into view is a bright sign "Now Open: Hairdos by George" as Ann George opens up as a hairstylist. As I look closer into the ball I see Mr. Kulka seems to be looking for a miracle, standing first in line.

Next I see another very successful business tycoon Paul Tustin. Paul has gone into real estate; he has put doors on his nostrils and is renting his nose out as a duplex.

Next the image is almost blinding, as it is the bright smile of Sam Saprunoff. Sam's smile has brought him fame as his smile is on every tube of toothpaste, and his body on every box of toothpicks.

Now the crystal ball takes me to a new health spa, where Linda Retz, Janice Heslep and Lesley Brown have the task of putting overweight Eastglenites back into shape. As I look closer into the crystal ball I see the smiling face of Dennis Tychon, the spa's newest member.

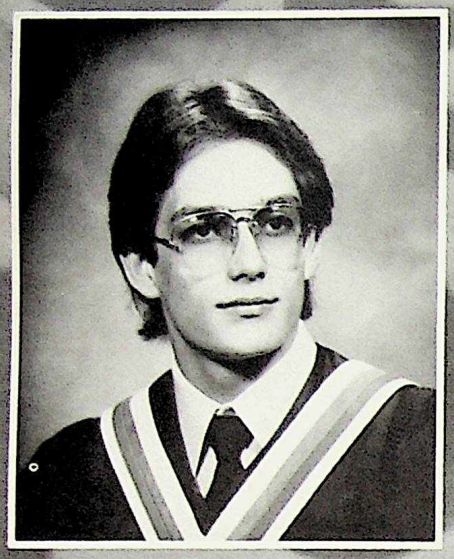
The next stop, takes me to the 1988 Olympics and the weightlifting finals where I see muscle beach members Holden Engley and Gary Romanchuk have both gone down in defeat to gold medalist Carla Johnson.

Staying with sports, the crystal ball takes me to Pebble Beach Golf course where I see all the hard work has paid off for Robert Melynechuk, as he has finally been accepted into the prestigous P.G.A. - the Puny Golfers Association.

As the visions begin to fade and come to an end so does my prophecy, and in closing I would like to wish the best of luck to all members of the graduating class in their future endeavors and a life full of health and happiness.

Travis Heighington

CLASS VALEDICTORIAN



Fellow graduates, teachers, parents, honored guests: welcome to this, our celebration, for what most of us is our first major life accomplishment - graduation from high school.

Tonight we the Grad Class of '83 stand at the threshold to adult life with this ceremony being our last minute farewells with good friends, and, of course in the Eastglen tradition, great times.

Whereas it is true that many challenges await us, we are comforted by the knowledge that those who contributed in building the foundation for our lives, namely our parents, teachers, and friends, being who's intentions were always directed towards the aiding of our growth as individuals, and as caring members of the society of man. For that alone we owe more thanks than any one word or gesture of appreciation can express.

Each of us in our separate ways, will carry through the human adventure of life, the spirit and wisdom of those we knew in our formative adolescent years and through our memory of them, and through our daily experience, pass on to those who'll follow that spirit, and wisdom of which we were privileged recipients.

I would like to take this opportunity to congratulate my fellow graduates and to wish them the best of everything in future pursuits wherever or whatever they may be. I would also like to use this moment to pass on to my fellow graduates a personal thought for living, which I hope will someday be of use to them: it is of great importance to remember that it is not so much the conquering or the failing of these challenges and obstacles, but rather it is the character with which one confronts them. In the final analysis, how we handle failure is at least as important as how we handle success, and it is this that our peers recognize and with which they perceive our personal worth as human beings.

I would like to thank the members of the Grad Class, the Students' Union and the teachers for it was these people who made this evening possible.

ACKNOWLEDGEMENTS

The 1983 yearbook would not have been possible without the help of the following people:

The yearbook staff members, who really came through in the stretch.

Mr. D. Galeski, who offered a shoulder to lean on as well as making sure the pictures were taken.

The photographers, for their time and dedication.

The secretarial staff, for their valued assistance.

The custodians, for their cooperation during the weekends spent in the school.

The teachers, for being so understanding.

Mr. D. Cambly, for his advice and support.

Mrs. T. Grebenstein, for keeping our financial records intact.

Mrs. B. Smith, for the use of her photographs.

The parents, for being so patient and supportive.

The staff and students of Eastglen, this yearbook is for you.

THANK YOU!
